PALESTINE

- **Genocide continues in Gaza.** The population is still facing starvation with Israel's on-again off-prohibition of again aid distribution by humanitarian agencies, as well as bombing and shooting. Join in Amnesty International's letter writing campaign to end the violence at https://act.amnestyusa.org/page/138002/action/1
- Hind Rajab was a **six year old Gazan child killed by Israel**, one of thousands of young children vicitms, but one whose story we know. She was alone in a car with 6 deceased relatives and a cell phone, begging to be rescued. Two Red Crescent medics had permission from the IDF to go to her, but they were ambushed near her location and killed. Support the **Justice for Hind Rajab Act** introduced by: Senators Welch and Van Hollen and in the House by Reps Jacobs, Castro and Jayapal. Ask your Congresspeople to support this Act. Read more at

- Support H.R.2411 and S.898 **UNRWA Funding Emergency Restoration** Act of 2025, see https://www.congress.gov/bill/119th-congress/house-bill/2411/ and https://www.congress.gov/bill/119th-congress/senate-bill/898/. **UNRWA is the United Nations agency most able to restore food** and other vital services to Gaza, and it has operated there for years with mostly Gazan employees. Each site has a link to co-sponsors. So far 3 WA Reps (Jayapal, Larsen, and Randall) are co-sponsors (thank them!) but the other Reps and our 2 Senators need to be urged to sign on. Individual donations may also be made via https://www.unrwausa.org/. UNRWA is also helping Palestinian, Lebanese, and Syrian displaced people in Lebanon. See also the March 23 online event by a Jewish group supporting funds for URWA.
- Deadly Violence continues in **West Bank**. See "**Israeli Forces Fatally Shoot Palestinian** Father, Mother and Two Children in West Bank" https://www.haaretz.com/west-bank/2026-03-15/ty-article/.premium/idf-kills-palestinian-mother-father-and-2-children-in-west-bank-officials-say/0000019c-f03c-d123-a7ff-fbbc73a20000 You may run into a paywall; the article begins "Ali Bani Odeh, 37, his wife and two of their children, 5 and 7, were killed in the West Bank's Tammun when Israeli forces fired on their car. Two other children survived the attack." This is reported in Haaretz, a mainstream Israeli newspaper.
- Deadly Violence continues in **West Bank**. Example 2. **Settler gunfire killed Palestinians** in two West Bank villages as they tried to defend their land. In the aftermath, soldiers' tear gas induced a cardiac arrest. See https://www.972mag.com/israeli-settler-terror-west-bank-iran-war/. Unfortunately such incidents are

DOCUMENTARY FILM "RACHEL" & DISCUSSION ON PALESTINE

Mon March 16, 7 pm, at Cherry Street Village, 720 25th Ave, Seattle

Join the Palestine Narrates film series for a screening and discussion of Rachel (2009) to mark Rachel Corrie's 23rd yarzheit - the anniversary of her death. The investigative documentary, made 6 years after Rachel's

killing by an Israeli armored bulldozer, shows the life, activism, and legacy of a young international solidarity activist from Olympia.

After the movie, Rachel's parents, Craig and Cindy Corrie, and representatives of the International Solidarity Movement, a Palestinian-led non-violent resistance movement which guided Rachel's activism in Gaza, will offer their thoughts and answer audience questions. As always, the Nablus Collection will bring Nabulsi olive oil, soap, za'atar and other items.

This film will bring up themes of international solidarity, the double meanings of witness/shaheed/martyr, and the continuities in Gaza from 2009 to today. We hope to see you and your beloveds there. Palestine Narrates is a project of Jewish Voice for Peace Seattle. Free and open to the public.

WEBINAR: SOLIDARITY IN ACTION –
RESISTING OCCUPATION IN PALESTINE AND MINNESOTA

Mon March 16, 9:30 am Pacific time, online

Join Nonviolence International for a webinar entitled Solidarity in Action: Resisting Occupation in Palestine and Minnesota. This will be a conversation among Palestinian and Minnesota activists about nonviolent resistance to occupation and state violence. This webinar brings together organizers from two contexts where communities are confronting intensified state control, displacement and militarized enforcement: one new, in Minnesota, where federal immigration enforcement actions, characterized by a large deployment of U.S. Immigration and Customs Enforcement (ICE) and Border Patrol agents

and have been resisted by community protests, grassroots defense and community building efforts have deeply impacted families and organizers, and veterans in the West Bank, where decades of military occupation shape everyday life and resistance, and have seen an increase of violence in the last months.

READING FROM CESAR CHAVEZ, AUTOBIOGRAPHY OF LA CAUSA

Weds March 18, 6:30 pm, at the Bellingham Unitarian Fellowship, 1207 Ellsworth Street, Bellingham

The Whatcom Democratic Socialists of America Political Education Committee invites you to join them in their March reading, from Cesar Chavez, Autobiography of La Causa. We will be reading Book II, Uprooted and Adrift, 1939 to 1952, pages 43 to 93.

This section, from one of the most important books on American labor history, details the dispossession, poverty and racism experienced by labor leader Cesar Chavez as a child, which then and now enables the labor exploitation our American food system has historically been based on. The generational survival of racism depends on the denial of historical racism, and many are not aware of the open and enforced racial segregation inflicted upon farm workers of color in the Western United States historically. The first time Cesar Chavez was arrested was for sitting in the Whites Only section of a movie theater when he was a member of the Navy.

This historical racism foundationally enables ICE atrocities inflicted upon people of color today. Within the context of these current atrocities, join Whatcom DSA in challenging the racist silencing and denial of the history of American racism, that we may better support people of color, workers, farm workers and other food system workers against the racism of 2026.

Seattle says NO to the Aerospace Defense Supplier Summit! No more money for war and occupation! DOCUMENTARY: IMPACT OF SOLITARY CONFINEMENT
"THE PRISON WITHIN"

Thurs March 19, 6 pm, at Center for Spiritual Living Ballard, 2007 NW 61st St., Seattle, WA

The Prison Within is a documentary that examines the human impact of long-term solitary confinement in U.S. prisons. Filmed inside a maximum-security facility, the film follows incarcerated men held in isolation, revealing how extreme confinement affects mental health, relationships, and the possibility of rehabilitation. Through firsthand accounts and intimate access, the documentary raises critical questions about punishment, justice, and the lasting consequences of incarceration.

Stay for a post-film discussion with Nate Stone Founder of Spir Candle Co. Spir Candle Co's mission is centered on social impact and

empowerment. Rather than being just a traditional candle business, it exclusively employs young men who have experienced incarceration, giving them paid work, mentorship, and supportive opportunities to grow and pursue their goals. FILM: CULTURES OF RESISTANCE

Sat March 21, 7 pm, at Rainier Beach Community Club, 6038 So. Pilgrim St., Seattle, WA

Does each gesture really make a difference? Can music and dance be weapons of peace? In 2003, on the eve of the Iraq war, director iara lee embarked on a journey to better understand a world increasingly embroiled in conflict and, as she saw it, heading for self-destruction. After several years, traveling over five continents, iara encountered growing numbers of people who committed their lives to promoting change. This is their story. From Iran, where graffiti and rap became tools in fighting government repression, to Burma, where monks acting in the tradition of Gandhi take on a dictatorship, moving on to Brazil, where musicians reach out to slum kids and transform guns into guitars, and ending in Palestinian refugee camps in Lebanon, where photography, music, and film have given a voice to those rarely heard,

Cultures Of Resistance explores how art and creativity can be ammunition in the battle for peace and justice. —This is a film that is completely relevant to our times 16 years later!

Featuring: Medellín poets for peace, Capoeira masters from Brazil, Niger Delta militants, Iranian graffiti artists, women's movement leaders in Rwanda, Lebanon's refugee filmmakers, U.S. political pranksters, indigenous Kayapó activists from the Xingu River, Israeli dissidents, hip-hop artists from Palestine, and many more…

FILM “THE INQUISITOR.” ABOUT TEXAS CONGRESSWOMAN BARBARA JORDAN

Sun March 22, 3 pm Pacific time, online

Meaningful Movies Project, in partnership with Fix Democracy First and the Diocese of Olympia, invites you to the screening of The Inquisitor. Texas Congresswoman Barbara Jordan, the first Black woman from the South elected to Congress. Jordan became a well-known figure during the Watergate hearings. She used her sharp mind and powerful speaking style to hold leaders accountable to the law. The film connects her public success with her private challenges, such as her struggle with multiple sclerosis and her life as a closeted lesbian, to look at how democracy is changing. By showing Jordan’s focus on honesty and

fairness, the documentary encourages viewers to question those in power and think about how to build a more active and fair future for everyone.

Special guest and Emmy Award–winning voiceover artist Sharon Nyree Williams will open the event with a powerful spoken word piece, setting the tone while empowering and inspiring us to be our best selves—and reminding us that we must take an active role in ensuring democracy is experienced by all. Join us for a live panel discussion immediately following the screening, featuring community voices and democracy advocates in conversation about the film's themes and their real-world impact with Rev. Carla Robinson & Sharon Nyree Williams.

THE NEXT GENERATION OF HUMANITARIAN RESPONSE

Tues March 24, 5:30 – 7 pm, at 520 Pike Conference Center, 520 Pike Street, Suite 1211, 12th Floor, Seattle, WA 98101

The world is experiencing widespread and persistent conflict, with an estimated one in seven people globally living with the threat of armed violence. In 2025, more than 117 million people were displaced from their homes due to conflict, violence, and persecution — including tens of thousands who have rebuilt their lives here in the Puget Sound region. Overlapping challenges — climate change, food insecurity, and economic fragility — are increasing humanitarian needs at a time when the sector faces a significant funding shortfall.

How are humanitarian organizations adapting to this rapidly evolving landscape, from frontline emergency response to resettlement programs in communities like Seattle? What does it look like to deliver aid efficiently at global scale while also navigating the on-the-ground realities of integration and support closer to home? And what role can

innovation and emerging technologies — including digital cash assistance, data analytics, AI-supported needs assessments, and climate forecasting — play in helping deliver aid more transparently and effectively, from conflict zones to cities like our own?

This a World Affairs Council event with speakers from International Rescue Committee, Microsoft, and Global Washington.

Tickets $5 students, $15 members, $25 non-members, Info and registration link https://www.world-affairs.org/event/the-next-generation-of-humanitarian-response/

ROOTWORK: A LIVING TOOLKIT IN THE FACE OF STATE REPRESSION

Wednesdays March 25, April 29, 5 pm Pacific time, Zoom

Cener for Constitutional Rights presents a 3-session course. [Part 1 has already occurred.]

Rootwork: A Living Toolkit in the Face of State Repression will ground participants in an understanding of the systemic tactics of dehumanization and criminalization that the U.S. empire continues to deploy against oppressed communities. Together, we will examine how to stay informed, centered, and embodied through this current escalation. Attendees will leave this course with tools for rethinking personal and collective safety in their everyday lives.

Participants may attend any or all sessions, but are encouraged to attend all three

- Class 1: [has already occurred] Re-Centering Community Power. Anti-capitalist abolitionist, lecturer, researcher, and mutual aid organizer J.P. Hill leads a course on resisting fascist greed. In the era of ICE, expanded attacks on dissent, and escalated use of state power in multiple forms, resistance must grow locally and interpersonally.
- Class 2: We Take Care of Each Other. Co-led by Afeni Evans of Facts and Fire and Phoenix of America Hates Us, this interactive course will focus on mutual aid, community care, building power, and staying safe, both online and offline.
- Class 3: New Media Studies. Taught by Pulitzer grant recipient and journalist Afeef Nessouli, this course will provide the foundations of media literacy as information becomes increasingly polluted and propagandized. We will also explore how dehumanization is employed in media to allow governments to erase people and extract their resources.

PRAMILA JAYAPAL'S RESISTANCE LAB: VIRTUAL ORGANIZING TRAINING

Sun May 3, 11 am – 1 pm Pacific time, Zoom

The Resistance Lab is a series of trainings that are developed specifically for this moment. In this first lab, we look at how non-violent movements around the world have responded to leaders who seize power in authoritarian ways and the most effective tools and tactics to utilize in these moments. We offer frameworks to understand this moment at home, and incorporate interactive conversation with others to help create community and build our resistance movement.

The Resistance Lab was developed with experts who have researched and studied democratic backsliding around the world as well as in the United States and the non-violent movements that have emerged to challenge those authoritarian leaders. We also draw from many toolkits for effective tactics and frameworks as well as from Pramila's own background leading successful organizing movements for economic and social justice for two decades.

MEANINGFUL MOVIES PERSISTS!

Ongoing, various dates. Now online, in person, and hybrid events.

The Meaningful Movies Project started in 2003 as a project of Wallingford (Seattle) Neighbors for Peace and Justice, a neighborhood affiliate of SNOW (Sound Nonviolent Opponents of War) with free weekly showings of films with social meaning, followed by discussion. Other neighborhood groups all over Washington State and beyond joined in this project with film viewings in their neighborhoods. See a list of these groups https://meaningfulmovies.org/events/locations/

The pandemic motivated the project participants to convert to online formats which continue, along with a partial return to in-person events. See https://meaningfulmovies.org/events/ for scheduled films.

MMP films and discussions, in person or online, are free, but donations are needed and gratefully accepted at https://meaningfulmovies.org/donate/ or at Meaningful Movies Project, P.O. Box 31005, Seattle, WA 98103
